# HSEUTYL <br> INTERNATIDNAL 

## Roafing \& Cladding

We offer a comprehensive range
 to suit all of your Roofing \& Cladding requirements.

- NFRC Class A.
- 12-Year Warranty.
$\boldsymbol{G C} \boldsymbol{A}^{(\Phi}$ - High performance butyl tape suitable for use in steel and aluminium roofing systems. It has been carefully formulated to provide a long-life, air and weather tight seal to help buildings comply with Building Regulations Approved Document Part L Standard.

Palyband ${ }^{\text {® }}$ - High performance Air Seal and Moisture barrier tape developed especially for sealing side lap joints of metal roof and wall liners to reduce condensation and increase air tightness of buildings.

Failband 0314 / ロЗ15 / ロ31G - Butyl tape laminated with a fixed Aluminium, Lead or White foil backing.

## HSELTYL INTERNATIENAL

## Recommended Preformed Butyl Tape.
